📄 Poorvi Sharma

EDUCATION

- Oriental Institute of Science and Technology, Bhopal** 2023-2027
B.Tech CSE-AIML CGPA/Percentage: 7.89
- Carmel Convent Sr. Sec. school, Bhopal** 2023
Grade 12th CBSE CGPA/Percentage: 74
- Carmel Convent Sr. Sec. school, Bhopal** 2021
Grade 10th CBSE CGPA/Percentage: 86

EXPERIENCE

- Google Cloud Virtual Internship – Machine Learning** Nov 2025 - Dec 2025
AICTE-EduSkill Online
 - Developed, trained, and evaluated machine learning models using appropriate performance metrics .
 - Worked with cloud-based ML workflows for scalable data processing.
- Hackveda Solutions Private Limited | Remote** Sept 2025 - Dec 2025
Data Science Intern Online
 - Designed and implemented machine learning and data science solutions using real-world datasets.
 - Handled complete ML workflows including data preprocessing, EDA, feature engineering, and evaluation.
- iStudio** Aug 2025 - Sept 2025
Machine learning Intern Online
 - Developed and implemented machine learning models to analyze real-world datasets, improving prediction accuracy and automation efficiency.
 - Collaborated with the data science team to preprocess, visualize, and extract insights from large datasets using Python, Pandas, and Scikit-learn.

PERSONAL PROJECTS

- Language Agnostic Translator**
Built a multilingual text translation system capable of translating multiple languages without dependency on a single base language
 - Tools & technologies used: Python 3.10+, PyQt5, Googletrans API, SpeechRecognition, PyAudio, gTTS (Text-to-Speech), SQLite, Intermediate Representation (IR), Rule-based Code Translation, Multi-language Code Generators, PyCharm IDE.
 - Built a GUI using PyQt5 to handle real-time translation and speech synthesis, integrating rule-based logic and IR for accurate cross-language code conversion.
- Movie Recommendation System**
Implemented a personalized movie recommendation, combined collaborative and content-based filtering to predict user preferences
 - Tools & technologies used: Python, Scikit-learn, Pandas, NumPy, Streamlit.
 - Improved prediction accuracy by 15% over baseline models; deployed interactive web app via Streamlit for real-time recommendations

TECHNICAL SKILLS AND INTERESTS

Languages: Python, C/C++, SQL, HTML, CSS

Developer Tools: PyCharm, VS Code, Git, Jupyter Notebook, Anaconda

Frameworks: TensorFlow, Scikit-learn, PyTorch (Beginner), Pandas, NumPy, Streamlit, PyQt5

Cloud/Databases: SQLite, MySQL

Soft Skills: Problem Solving, Team Collaboration, Adaptability, Time Management, Research Mindset

Coursework: Machine Learning, Data Science, Artificial Intelligence, Database Management Systems, DSA

Areas of Interest: Machine Learning, Natural Language Processing, Data Analytics, Generative AI

CERTIFICATES

- NPTEL – Introduction to Machine Learning** Online (IIT Madras) Scored 62% / Oct 2025
- IEEE CIS Winter School on Computational Intelligence and Generative AI** (IIT Indore) Jan 2025

HOBBIES

- Sports Recreation** Enjoy playing badminton and staying active as a way to refresh and stay focused.
- Music Enthusiast** Love listening to a variety of music genres for creativity and relaxation.
- AI Exploration** Passionate about experimenting with generative AI tools and developing intelligent agents.
